The one with the long ponytail.
The way it blows in the breeze,
Can bring a fellow to his knees.
She's pure as sunshine,

Look harder

She has a beauty within. The kind where she knows where
she's going and where she has been. She knows just who she is and who she is not.
She has the kind of beauty a lot of people can't see. You can only see it if you get close enough to look.
And every one is sure this girl has a lot more to her than she is giving off.
But when they don't realize that she is really, really, really something.

Letting Go with Grace

There's a possible kind of beauty that can only be experienced with the serene knowledge that the moment is fleeting, and the most intense beauty can only be seen in the presence of both light and shadow. For it's often in the loss of a thing that it's worth to us becomes most precious and by letting it go with grace we can best savor its partial delight. Realizing that the sun runs in circles only because the beauty of its light is so beautiful without it having once touched is one would know how the emptiness of its loss, our grief will eventually turn to thankfulness that it ever touched us at all, and we will be left used by the mystery of its leaving.

An angelic avatar

The angels are in the clothes that you wear. The garments tell the story. Therefore, magic is the way that steps to wonder what they're wearing, tell us what you mean in that particular occasion. And in your immaculate dress, they're looking at you of whom, you glow, you beauty.

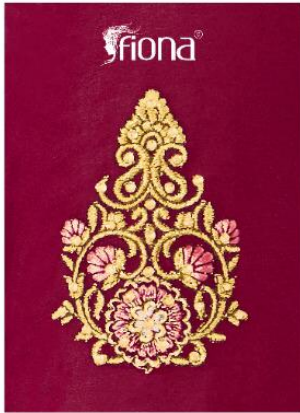

Beauty is deep
 Beauty is just like a mirror. You will never know what's inside.
 On the surface, it can be full with green plants.
 How about inside of it? Is it a hole or what? No, beauty is just like a mountain.
 The appearance is very beautiful and graceful.
 How about inside of black-hearted?
 Beauty of a person cannot say with appearance. Beauty is appear inside the deepness of the heart.
 The deeper the heart is, the deeper the beauty is.

Beauty and femininity are ageless and can't be contrived,
and glamour, although the manufacturers won't like this,
cannot be manufactured. Not real glamour ; it's based on
femininity.

Glamour isn't about age, weight or size. You don't have to be pretty to have it, anyone can
create it.
Glamour wasn't taken a day off.
Glamour is back too with a vengeance! back.
You can really do this.
Come quickly, I am looking for stars.
You can do anything but not everything.
Glamour is the garment which takes the dust of everyday life into a golden haze.
For every two minutes of glamour. There are eight hours of hard work.
In a world full of noise I want to create a canvas.
Every woman needs a story. Mine is all about glamour.
