Real Beauty Lies

Real beauty is not the ability to attract attention, but the ability to attract attention. Real beauty is not the ability to attract attention, but the ability to attract attention. Real beauty is not the ability to attract attention, but the ability to attract attention. Real beauty is not the ability to attract attention, but the ability to attract attention.

1001

Beauty is not about being Perfect or Perfect, its rather about how you think of yourself in front of mirror ...

Being Comfortable

Beauty is about being comfortable in your own skin.
It's about feeling good and accepting who you are...
