factor is the influence of certain combinations of stimulus on subjective evaluation.

MANOHARI

A woman with long, dark, wavy hair is standing in front of a building with ornate, arched windows. She is wearing a mustard yellow kurti with a green border at the neckline and cuffs. The kurti features a decorative pattern of small green and blue tassels on the chest. She is also wearing a green dupatta and black high-heeled sandals. The background shows a building with intricate architectural details and a paved area.
