## Beautiful naturally

The beauty of a woman must be seen from in her eyes, because that is the doorway to her heart, the place where love resides

## Stealing beauty

The beauty of a woman is not in a facial mode but the true beauty in a woman is reflected in her soul.

It is the caring that she lovingly gives the passion that she shows. The beauty of a woman grows with the passing years.

Exquisite collection

Beauty is the first present nature gives to women and the first it takes away.

Shaping the future

Beauty is a manifestation of secret natural laws, which otherwise would have been hidden from us forever

## MAGNIFICENT APPERLS

Since love grows within you, so beauty grows.  
For love is the beauty of the soul. Inner beauty should be  
the most important part of improving one's self.
