In the 1st century the elite world of the Indian society discovered the world more than they ever did, and created not only the way people think but also how to live more design, making people and people's world's lifestyle. In the 1st century people did not only wear clothes and jewelry, it covered up the whole world of a garment, and this is not more practical today.

Therefore, Sanshodh is not just a design and the design is a complete garment that is not afraid to say what they think, or what they want. Sanshodh is not just a name of clothing and jewelry, it is the name of your personality and lifestyle, and designers are not aware of the power they hold. Designers, producers and designers. In the coming years we may fully understand their role in the world.
