THE
BEAUTY
holist

"A little 'bad' taste is like a nice splash of paprika. We all need a splash of 'bad' taste—it's beauty, it's healthy, it's physical. I think we could use more of it. No taste is what I'm against."

THE SHOW
-must go on-

*"Style is the only thing you can't buy. It's not in a shopping bag, it's lived, in a quiet way. It's something
diffused from one soul to the outside world—no matter."*

*"Fashion you can buy, but style you possess.
The key to style is knowing who you are,
which takes years. There's no time-to-wait
trap to style. It's about self-expression and
about all, attitude."*

"I think there is beauty in everything. What 'normal' people perceive as ugly, I can usually see something of beauty in it."

*"What's my style is not your style, and I don't see how you can define it. It's something that separates
who you are to your own way."*
