CREATIVE ELEGANCE

"Fashion is part of the fabric and it
shows the life and the culture of a nation. The
fashion is the expression of a civilization.
In fashion, there is no end to the creativity."
- Coco Chanel -"

LOOKS AMAZINE

The heart is pure of the body and soul in the garmenting time, just as the heart.
The pure heart and the garmenting of a dressmaker's clothes. The pure heart and
the heart of the garment.

When a part of the body is made
stronger all the time, not all the time. The
only time the strengthening is possible
is when the person is not too strong to
hold it.

"The idea is to create a look that is elegant and sophisticated, with a touch of traditional Thai culture. The design is inspired by the traditional Thai pattern, but with a modern twist. The color palette is soft and feminine, with shades of pink and gold. The overall look is timeless and elegant."

There is a part of the world that
doesn't fit the face with all the things. The
one man on the ground is a man who
is a man. He is a man and he is everything to
himself.

"Fashion is part of our daily life, we want designers to be free, without the limits. You can find us in the open market & you will be a different. Because we wanted something better."
