It is indeed true
that to appear with
cheapness is to
show that one
has no taste and
style. It is not
the dress that
matters, but the
woman who
wears it. To be
able to wear a
dress with style
and grace is the
mark of a woman
who is truly
elegant. It is not
the dress that
makes a woman
beautiful, but
the woman who
wears it with
grace and style.
